Key of Am

Version:NA 100 - 19.03.19

Intro: Am / / / / C / / / / G / / / / Dm /

( Verse: Single voice – soft single downwards strums only )

I let it **Am** / fall, my **C** heart.

And as it **G** / fell you rose to **Dm** / claim it

It was **Am** / dark and I was **F** / over,

Until you **G** / kissed my lips, and you **Dm** / saved me.

( Change to soft up and down chords )

My **Am** hands, they are **C** strong.

But my **G** knees were far too **Dm** weak,

To **Am** stand in your **F** arms.

Without **G** falling to your **Dm** feet

( Pre-Chorus: Ladies Only - continue SOFT up and down chords )

'Cause there's a **F** side to you

That I **Dm** never knew, never knew.

All the **Am** things you'd say,

they were **Am** never true, never true,

And the **F** games you play.

You would **G** always win, **NC** always win.

**CHORUS – strong strumming – all voices**

**NC** But I set **Am** fire to the rain.

Watched it **G** pour as I touched your face,

Well, it **Dm** burned while I cried

**Dm** 'Cause I heard it screaming out your **Am** name, your **G** name!

( Verse: Single voice – Change back to SOFT up and down chords )

When **Am** I la-ay, **C** with you.

I **G** could stay, there, **pause Dm** close my eyes

Feel you **Am** he-ere, **F** for-ever,

you - **G** and - me - together- nothing is **Dm** better

( Pre-Chorus: Ladies Only – soft – up and down strums )

'Cause there's a **F** side to you
